

Sycuan Casino is excited to announce an opening for a Business Analyst for our I.T. Department! This is an integral time to join our Team as we are expanding our Casino and building a new Hotel and Resort! We are seeking a dynamic person to provide our business unit managers with financial and business reports and analysis to identify opportunities to maximize business unit success.

Sycuan provides generous benefits, including:

- Premium Medical PPO plans, Dental, & Vision plans for you and your family
- Generous 401k with an employer match
- Free Life Insurance, with additional competitive supplemental life insurance plans
- Free Employee transportation on our countywide shuttle stops
- Discounted in-house dining room for employees
- And many more rewarding employee benefits

The Business Analyst is responsible for assisting department management in identifying and implementing opportunities for increased profitability. Assisting Executive Management in identifying opportunities for improved business and financial performance, and providing business unit managers with reports in accordance with department and company needs, and best practices.

We are looking for someone who meets the minimum essential requirements:

- Bachelor Degree in Math, Statistics or Finance or related field or equivalent experience
- 3 years of financial or business analysis experience
- 2 years of creating complex data analysis utilizing industry standard tools such as SPSS, SAS, or Tableau

For more details regarding this opportunity, please visit www.sycuan.com/employment to fill out an application.
